An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Daugherty on 4-28-2005.

The application has been amended as follows:

Claim 1, line 21, after "splines" inserted --having a V-shaped groove along the length of the sidewalls parallel to the central axis--;

line 24, deleted "about";

line 25, deleted "about"

Claim 7, line 16, after "splines" inserted --having a V-shaped groove along the length of the sidewalls parallel to the central axis--;

line 19, deleted "about";

line 20, deleted "about".

The following is an examiner's statement of reasons for allowance: It would not have been obvious to combine Wesley with Hollinger in order to teach the splines of Hollinger being forged because the forging operation of Wesley would not be capable of forming the splines as disclosed in Hollinger. In addition to the arguments set forth by applicant, critical to the forging operation of Wesley is the formation of a seat (16) which

would not be possible with the spline configuration as disclosed in Hollinger and as now claimed. Therefore, the prior art does not disclose the splines configured as claimed being forged. It should be noted that forging or forged provides a distinct structure in the grain of the material not otherwise present.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Flemming Saether whose telephone number is 571-272-7071. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Judy Swann can be reached on 571-272-7075. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
